

This is an opportunity to be heard and give people who use health and social care services a powerful voice.

Healthwatch County Durham will:

- Provide people with information, advice and support about health and social care services.
- Gather the views and experience of local people on the way services are delivered.
- Influence the way services are designed and delivered.
- Influence how services are set up and commissioned by having a seat on the Health and Wellbeing Board.
- Pass information and recommendations to other local Healthwatch, Healthwatch England and the Care Quality Commission.
